SPECIFICATION: The fan shall be the standard product of a United States exhaust system manufacturer. Fan wheel shall be backward inclined, non-overloading type with single thickness blades and be statically and dynamically balanced. The mating surfaces of the inlet cone and fan housing shall be caulked prior to assembly. The inlet cone shall be assembled to the fan housing using hex head cap screws bolted to threaded inserts welded to the interior of the housing, self tapping screws are not acceptable. All surfaces of the fan and fan wheel shall be painted with an epoxy powder coating. The fan motor shall be an industrial grade foot mounted type, horsepower and electrical characteristics as specified. The fan shall be **Series CMD** as manufactured by Car-Mon Products, Elgin, IL 60123
