

# SERIES DEP DIESEL EXHAUST PACKAGE

QTY.	MODEL	HOSE			ADAPTER
		TYPE	DIA.	LENGTH	
	DEP-6	HTC	6"	12'	RDS-6
	DEP-8	HTC	8"	12'	RDS-8

SERIES DEP Diesel Exhaust Package is designed for use on overhead diesel exhaust stacks. The standard assembly shall include a SERIES RDS EPDM exhaust adapter, LR lifting ring, 12' HTC high temperature hose, and flange set for connection to duct work. The LFT Retractor and Tubing Sling are supplied for easy retraction of hose and a PP positioning pole for pulling down and placing adapter on diesel stack. Other configurations available, consult factory.
